

The Cost of Discipleship

Luke 9:62

Luke 10: 1-3, 17-20

Bad Theology produces bad counseling

Truth = objective standard on how we measure reality

Basic problems = evangelism & discipleship

Whoever controls your mind – controls your decisions

Do you have a worldview or a God view of things?

Eternal life is a relationship with Jesus Christ

Deliver From:

1. The penalty of sin
2. The power of sin
3. The presence of sin

To Develop in:

1. To know Him intimately
2. Becoming like Jesus Christ
3. Being useful to Him

To Delight in:

1. The fullness of God's joy
2. Pleasure forever from God
3. Obedience to God – the level of your obedience will lead you to see where you stand with God

The reality of the church is to bring men to God's reality (Ephesians 2:10)

What is it about God that you do not embrace Him?

Christians are held hostage by the doctrine of demons, while Christians cannot be possessed, they can buy into the doctrine of demons

Unbelievers = the answer of salvations – not telling them that God can solve their problems.

Believers = the answer of sanctification

Unbelievers want to feel better

Believers want to be better – What is God (Jesus) praying for, for you? = Sanctification

When the Holy Spirit is doing His job, He focus you on Jesus

We you are disappointed with God, who lied? You are God

Church must be about spiritual maturity, not trying to get as many members as they can. It is not the quantity of the members but the quality of the church.

Be careful because the resume of your righteousness can blind you from the wickedness of your heart.

We must help Christians grow up

The world has a system to evaluate people and determine how to get them to one stage or another.

God does not hold you accountable for perfection but for faithfulness.
